SIZING SUGGESTIONS:

Female The best way to obtain the correct fit is to attend a *Suit Fitting*. European sizes are used. Lycra suits come in sizes 20 thru 40. Polyester suits come in sizes 22 thru 40.

Male Measure the swimmer around the waist. Round to closest *even number* of inches. Both suit types come in sizes 22-40.

Orders will not be accepted unless the form is completed and a payment is submitted. Also, refunds for team suits are subject to team President's approval. A team suit that has been worn for an extensive period of time will not be refundable.

Make checks payable to **DOCS**.
